How it Works

Depending on the date and time you select, our delivery specialist brings the outfits to either the rehearsal or the location where the guys are getting ready for the wedding.

Our specialist assists your wedding party with trying on their outfits and performs any possible adjustments or alterations.

We bring a sewing machine, steamer, and a variety of additional size garments to accommodate size changes.

A designated pickup location is arranged for your party. Most of our delivery groups select the resort bell stand as the pickup location, but this varies for each group.

What's Included

Our delivery service fee includes 90 minutes with our delivery specialist for up to 10 menswear customers. Additional participants are \$25 each.

The standard delivery fee varies based on the location of the delivery.

Greater Phoenix Area: \$400

Sedona, Flagstaff, Prescott, and Tucson: \$600

Other Arizona locations: varies

Deliveries are available Monday-Saturday. We are closed on Sundays and thus Sunday weddings must select day before delivery service. Major holidays are also not an option for delivery service.

The delivery service is in addition to the rental and purchase prices of the outfits.

Things to Know

We've refined our delivery process for over a decade! We've found it makes the wedding day easier for your wedding party as long as everyone is ready to go, trusts the process, and enjoys the ride.

The consultation and measurement process is the same as our in-store pickup groups. We prefer to measure all local participants at our store or a group fitting. Out of town guests must submit measurements via email a minimum of 2 weeks prior to use date.

Your guests will need their own socks and undershirts. We don't include them with the outfits. They do make great groomsmen gifts if you're so inclined.
